

## Hilbert College Dual Enrollment for AP Courses

All students enrolled in the following AP courses, (AP Computer Science, AP Environmental Science, AP Language and Composition, and AP U.S. History) will need to register for Hilbert dual enrollment.

This is free for all Buffalo Public School students. You will receive college credits for the courses listed below through Hilbert College and can transfer these credits to many other colleges by requesting an official Hilbert transcript.

You will need your social security numbers in order to register. If you are taking more than one of the courses listed above, you will need to register for all courses at the same time.

1. Visit [hilbert.edu/dual-register](http://hilbert.edu/dual-register) or scan the QR code to access the registration form. The attached Dual Enrollment Registration Card has the QR code and instructions to help students register.
2. Students should select their high school, class, and instructor in the dropdown menu.
3. After the registration form is submitted, students will receive an email confirmation.
4. Students will need their social security numbers for the registration form.
