JANUARY 2020

School counselors will begin to send out mid-year reports in early February. Be mindful that institutions look favorably on students maintaining their senior grades.

January Regents Week runs from Tuesday, January 21st – Friday, January 24th. This is a nice time to research scholarship opportunities, visit a campus, or take a virtual tour of a campus you have applied to!

Please double check your college application portals or touch base with admission offices to ensure that all necessary documents have been received for admission review.

Early and diligent preparation for AP exams can result in higher scoring and all the benefits that follow. Go to www.collegeboard.org for test-taking tips and to review past AP exams. It is suggested that students prepare 6 weeks prior to the start of standardized exams.

Reminder:

New scholarships have been rolling in! Stop down in the Guidance Office to check the scholarship drawer often.
